Sunset BBQ and CSR activities for environmental protection

This site is said to be the last place on the Okinawa Main Island that the sun sinks into the horizon. As this venue is located on the top of a sheer cliff, the BBQ area's lawn is an excellent view point, offering uninterrupted 180-degree views of the East China Sea. Before the party, hands-on experiences can be arranged, such as making salt from seawater and planting coral, and learning about and protecting ocean. This venue is popular for corporate CSR activities, staff training programs, and recreation.

- 1 Gaze out on the panoramic view of sunset while enjoying a BBQ dinner. In winter, you may be able to see a whale.
- 2 Original cups will be made at Yomitan Pottery Village. If you have any particular preferences for shape, color or design, please consult with us beforehand.
- 3 All the ingredients for BBQ are produced in Okinawa or Japan, including Black Wagyu beef, Agu pork and Yanbaru Chicken.

For planners

A variety of attractions can be arranged to make the most of the wide open space, such as karate demonstrations, music performances, trying on Ryukyu Bingata costume, and traditional Okinawan entertainment. A popular plan for companies is to learn about ocean ecosystems at coral farms and engage with environmental activities such as coral seedling production. A "Certificate of Appreciation" with your name and the name of the ocean where the coral was transplanted is sent to you to remind you of your contribution.

Enjoy campfire with splendid sunset backdrop

This venue specializes in BBQ with campfire-style barbeques fueled by kindling. As the flickering flames tune into people's frequencies, participants naturally find it easy to say what is in their hearts and develop a greater sense of camaraderie. This is a rare spot in Okinawa where you can light a fire safely near the ocean.

- 1 We offer "Okinawan BBQ" and "Ryukyu American BBQ" using locally produced Okinawan ingredients with American flavors.
- 2 Hexagonal fire pit with seating for 12 pax. Placing cushions on the benches around the pit transforms them into comfortable sofas.
- 3 11 red-tiled BBQ gazebos in the park area can accommodate large numbers of participants.

For planners

The venue is surrounded by a tropical resort atmosphere and the contrast of vivid colors of white-chalk lighthouse at Cape Zanpa, white sand beach, green lawn and the walking tracks covered in bushes. The recreational park has tennis courts, a soccer field and a petting zoo. This venue offers a wide range of options for pre-/post-party programs. We can also make the most of the wide open spaces by setting up a large stage or street-food stalls.

Past Events

- Staff training for a company from outside Okinawa
- Corporate sports team training camp
- South Korean company incentive tour
